

Modernize Escrow Payments with Flawless Accuracy

Replace manual processes, inefficiencies,
and errors with 100% accuracy and
real-time automation.

EscrowCloud eliminates 95% of refunds and errors and
delivers up-to-the-minute precision in escrow tax collection.

Eliminate 95% of Mass Pay Errors and Automate with Confidence

The mass payments process has long been a nightmare for tax offices, fraught with inefficiencies, errors, and wasted time, while mass payers face missed deadlines and costly penalties.

EscrowCloud automates and streamlines the entire mass pay process, revolutionizing how property taxes are handled. Today, EscrowCloud processes payments for **more than 60**

million U.S. properties, including one-third of American households.

The EscrowCloud Difference

- Reduces mass pay refunds and errors by 95%
- Works with any CAMA and tax software data
- Delivers perfectly balanced, error-free payment files
- Creates tax seasons to match your billing cycles
- Enables approval of payer groups you want to work with
- Cloud-based platform with enterprise-grade security
- Offers 24x7 access from desktop or mobile devices
- Includes U.S.-based customer support

No More Refunds and Errors

EscrowCloud sits between you and your mass payers and acts like a 24x7x365 payments firewall, forcing the payer to clean up their errors and deliver perfectly balanced and formatted payment files. It blocks short, duplicate, invalid, and overpayments before they ever reach your tax office, resulting in a **proven 95% reduction in refunds**.

Effortless Onboarding, Instant Impact

Using EscrowCloud is fast and easy with our concierge-driven onboarding experience, and we do all the heavy lifting.

In just a few hours, EscrowCloud is:

- Customized with your policies and statutes
- Integrated with your existing tax data
- Connected to approved mass payers

Almost immediately, you'll see fewer research calls, manual payments, and refunds to manage.

Free for Your Tax Office

Tax offices and small local payers like mortgage lenders, credit unions, and property managers use EscrowCloud for free. Only larger payers like tax servicers and large property managers pay a small transaction fee in exchange for **reducing their workload by 50%** and **lowering escrow servicing costs by 90%**.

Transform Your Mass Pay Process Today

EscrowCloud brings precision, automation, and confidence to every mass-pay transaction, helping you reduce risk, improve efficiency, and better serve your constituents without adding complexity.
