

Simplify Revenue Collection with a Modern Payment Experience for Your Constituents

MuniciPay™ by Autoagent is the most complete and flexible payment processing platform for local government.

A modern payments solution backed by unparalleled support for you and your constituents.

Simplify Payments, Streamline Processes

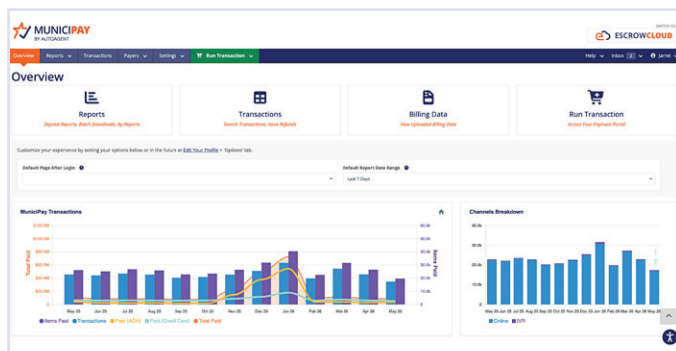

MuniciPay™ is a secure, cloud-based payments platform that helps local governments transform payment collection across online, phone, in-person, and digital wallet channels—including PayPal, Venmo, Apple Pay, and Google Pay.

Completely free for your office, MuniciPay™ simplifies the collection of taxes, utilities, motor vehicles, permits, court fees, and more while reducing manual work and improving the constituent payment experience.

Purpose Built for Government

The platform has the most comprehensive feature set in the industry, including multi-channel payments, mobile wallets, automated reconciliation, and customizable workflows.

The MuniciPay™ Difference

No Cost, Less Risk

- Completely free for your office
- Competitive transaction service fees
- \$0 chargeback fees

Modern Payment Channels

- Supports online, in-person, and bilingual IVR payments
- Accepts bankcards, verified eChecks, Apple Pay, Google Pay, PayPal, and Venmo
- Scheduled, recurring, and automated payments

Intelligent Payment Customization

- Provides real-time payment posting and balance updates
- Collects current and prior balances automatically
- Automates payment logic for full or partial balances
- Supports eBilling and bill presentment

Easier Reconciliation & Reporting

- Real-time transaction visibility
- Enables real-time voids and refunds
- Delivers balanced deposits within two banking days
- Produces custom PDF and Excel reports
