

Turn Government Payments into a Recurring Revenue Engine

Turn your payments and property tax expertise into recurring revenue with Autoagent.

Become an Autoagent partner and deliver modern digital escrow and payment solutions for government offices and constituents.

Unlock New Partner Opportunities with Autoagent

Autoagent helps government agencies modernize payments with secure, automated solutions that improve accuracy, reduce manual work, and enhance the constituent experience.

Through EscrowCloud and MuniPay, we connect thousands of agencies with millions of users— giving partners a proven platform to deliver value and generate recurring revenue.

Modernize Escrow Payments with Flawless Accuracy

EscrowCloud automates escrow payment processing for tax collectors, mortgage companies, property managers, banks, and escrow services with real-time tax roll updates, duplicate payment prevention, and the elimination of 95% of refunds.

Ideal Partners: Tax software ISVs • Tax Cashiering software vendors • CAMA suite ISVs • Regional or National Escrow Servicers

Simplify Government Payments and Revenue Collections

MuniPay is a secure, 24/7 payment gateway cloud platform for collecting taxes, fees, fines, and other payments, accepting credit/debit cards, eChecks, and digital wallets. It's fully automated, reducing manual processing while improving accuracy and user experience and keeping you out of PCI scope.

Ideal Partners: Government technology providers • Municipal software companies • Public sector consultants • Civic technology platforms • CAMA suite ISVs • Utility billing ISVs

Two Ways to Partner:

Referral Partner

Expand your offerings without added complexity. Refer clients and we handle implementation, support, and operations.

Branded Partner (White Label)

Embed Autoagent products into your platform. Maintain your brand and client relationships while we power the technology, APIs, and infrastructure.

Turn government payments into predictable, recurring revenue with Autoagent.
